

Beta Gamma State Historian Report

October 4, 2017

Beta Gamma State materials were deposited to the archives in Fairbanks September 15, 2017. Materials included documents from Rho Chapter, materials from the State President's box, Biennial Summaries from 2013 to 2016, and minutes and copies of the Nuggets for each Biennium.

The Archives are currently operating on a very limited schedule of access, so should anyone need access to our records, please be aware that there is a complete set of documents in the Historian's Files.

Judith Ireton
