

Leadership Development Report
April 5, 2021

There seems to have been a wealth of articles in DKG publications lately relevant to leaders. I hope members have been reading the Collegial Exchange and DKG News. I am always looking for new ideas and am happy to receive suggestions for activities that will hone leadership skills as well as those that encourage successful team-building.

Hopefully, members are planning to be in Ketchikan about a year from now. I am certainly looking forward to it

Judy Ireton
Leadership Development Chair
